

Title: Leksehjelp / Homework Help (HH)

Approval by: Principal

Friskoleloven, § 7-1e Plikt for skolen til å ha tilbud om leksehjelp

The school will offer Homework Help, see Free Schools Act § 7-1e.

- The purpose of Homework Help is to provide students with support for learning activities, develop the feeling of mastery and a good framework for independent work.
- Homework Help shall contribute to eliminating social inequality in education.
- Homework Help is not part of the education of the student, but should be in the context of education. Homework Help will provide help with schoolwork.
- The school is responsible for Homework Help and how to organise homework help.
- The school is obliged to inform parents about the right to Homework Help and the offers given.
- The school is obliged to ensure that pupils have a good psychosocial environment for Homework Help which promotes health, well-being and learning.
- The school is obliged to ensure proper supervision of pupils in Homework Help. The group must not be greater than is safe and educationally sound.
- Homework Help will be free for students

At IST, HH is open to all students on Tuesday and Wednesday mornings, during the hours 7.30-8.30am.

Through HH, IST develops and encourages a strong, independent learning environment, with the opportunity for students to develop mastery in specific skills. At IST, we believe that reading is a vital learning skill. HH will focus on developing this skill through a variety of supervised reading activities.

The offer of HH is free to any student, parents should fill in the form by clicking the link below if their child will be attending HH. This arrangement is reviewed every term.

As in all learning at IST, the school encourages a positive psychosocial learning environment, one that promotes health, well-being and learning through our core goal, core values and the learner profile.

HH will be supervised by a member of staff.
